

Valet Package

Employment Screening Tools for General Staffing

According to research conducted by the Association of Certified Fraud Examiners, U.S. organizations lose an estimated 7 percent of annual revenues to fraud – an estimated \$994 billion in 2008 alone.*

You could be hiring more than a candidate's qualifications. Comprehensive pre- and post employee screening solutions, powered by First Advantage, can help ensure the integrity and ongoing success of your dealership right from the start – by helping you make informed, confident staffing decisions.

The complete Valet Package includes:

Social Security Number Verification

A database search with a national credit bureau. Reported information may include name or names associated with the Social Security Number, address history and employers.

National Criminal Database Search

National criminal database comprised of over a 150 million felony/misdemeanor records, sex offender registry list of all states, and most wanted list of 11 Federal agencies. Automatically includes a Government Watch List (OFAC) report.

Motor Vehicle Records Search

Reports driving record from state DMV, including infractions, disciplinary actions, issue date, expiration date, status and restrictions.

**2008 Report to the Nation from The Association of Certified Fraud Examiners (ACFE)*
