Compliance Tools

Integrated Automotive Compliance Solutions

Fully integrated on more than 50 sales and dealer finance platforms, CoreLogic Credco leads the industry with innovative automotive compliance solutions designed to streamline your F&I processes and help keep you compliant with applicable laws and regulations.

OFAC Screening

The USA PATRIOT Act requires you to screen all consumers against the Office of Foreign Assets Control (OFAC) list of terrorists, drug traffickers and money launderers prior to any sale. CoreLogic Credco can screen your customers against the most current OFAC list, and deliver results automatically with every credit report.

Safeguards Rule

CoreLogic Credco is fully compliant with the FTC's Safeguards Rule, which requires you to develop and implement processes to protect consumer information from the risk of fraud and identity theft. We provide all automotive dealers with a printed Safeguards Rule Compliance Certificate.

Red Flags Rule

Proposed by federal banking agencies and the Federal Trade Commission, the Red Flag Rules require you to implement an identity theft prevention program. CoreLogic Credco provides a comprehensive Red Flag Solution that includes BuyerID Index, OFAC Screening and credit reporting services to help you minimize fraud-related losses, and maintain compliance with the Red Flags Rule.

Credit Services Disclosures

Laws in Minnesota require dealers to deliver a state-specific disclosure notice to residents whenever a credit report is ordered. CoreLogic Credco includes this service free to our customers.
